Mohamed Jasim Ali

Data Scientist | Fintech Analyst

Bahraini | +973 3508 7164 | mohamedjassim005@gmail.com | linkedin.com/in/mohammed-jassim-ali | github.com/MohamedJassim05

PROFILE

A Financial Technology student passionate about data science, machine learning, and financial analytics. Combines programming, statistical analysis, and financial knowledge to develop data-driven solutions. Experienced with investment analysis, real-world datasets, and predictive modeling. Recognized for leadership, teamwork, adaptability, and communication.

HIGHLIGHTED SKILLS

Data Science	Data Cleaning, EDA, Data Wrangling, API Integration, Data Storytelling
Programming & Tools	Python, SQL, Pandas, NumPy, Scikit-learn, Power BI, Tableau, RapidMiner, Git/GitHub, Bloomberg Terminal
Machine Learning	Regression, Classification, Clustering, PCA, Ensemble Methods, Time Series, NLP, LLMs, Generative AI
Soft Skills	Leadership, Teamwork, Communication, Critical Thinking, Adaptability, Time Management
Languages	Arabic, English

DATA SCIENCE EXPERIENCE

Data Science Bootcamp Fellow — General Assembly, Bahrain

2026 – Present

Undertaking an intensive, project-based program covering data cleaning, exploratory data analysis, machine learning, and data storytelling.

Projects:

- **Bahrain Imports EDA Project** (Python, Pandas): Worked on a data analytics project involving data cleaning, preprocessing, and exploratory data analysis on a large real-world trade dataset.
- **Credit Card Default Prediction Capstone** (Python, Pandas, Scikit-learn, XGBoost): Built and evaluated machine learning models to predict credit card default using 30,000 customer records, including data cleaning, EDA, feature engineering, model tuning, and performance evaluation using Recall, ROC-AUC, and PR-AUC.

OTHER EXPERIENCE

Social Media & Marketing Coordinator — Bahrain

Sep 2025

- Coordinated on-site logistics and prepared the restaurant space to accommodate influencer visits, ensuring a smooth, professional environment for content shoots.
- Worked directly with social media influencers during shoots to facilitate high-quality photo and video content for the restaurant's advertising campaigns.

PROJECTS

Portfolio Management Project (Excel, Bloomberg)

Feb 2026 – Jun 2026

- Analyzed financial market data to support investment decision-making.
- Researched stocks and ETFs using quantitative and fundamental analysis.
- Measured portfolio performance and evaluated risk throughout a four-month project.
- Presented investment insights based on market trends and portfolio analytics.

Machine Learning & Data Analytics Projects

Apr 2026 – Jun 2026

- Built projects involving data cleaning, visualization, exploratory data analysis, and predictive modeling using Python.

EDUCATION

Bachelor of Science in Financial Technology, Bahrain Polytechnic	Sep 2023 - Jun 2027
Data Science Bootcamp Program, General Assembly, Bahrain	Jun 2026 - Sep 2026
IB Diploma Programme (IBDP), APG School, Bahrain	Sep 2021 - Jun 2023
IGCSE, APG School, Bahrain	Sep 2019 - Jun 2021

CERTIFICATION

Bloomberg Market Concepts (BMC), Bloomberg	Mar 2026
Bloomberg ESG Certificate, Bloomberg	Mar 2026
